

Hambleton Tidal Flood Risk Management Scheme

Community Drop-in Event

Date	Thursday 20th June 2019
Time	2.00 pm to 6.30 pm (you are welcome at any time - no appointment necessary)
Venue	Hambleton Village Hall Hambleton Poulton-le-Fylde FY6 9BZ

To protect the community from the risk of tidal flooding a new flood risk management scheme is required. The Environment Agency is working closely with partners to deliver and fund a scheme.

At this event you will be able to:-

- **View the latest design proposals for the scheme**
- **See how feedback from the community has influenced the design**
- **Find out more about the hydraulic modelling**
- **Sign up to the Environment Agency Flood Warning Service**

If you are a resident, business or organisation, in or around Hambleton, please come along to find out more.

As well as the Environment Agency other organisations invited to the event include:-

Lancashire County Council, Wyre Borough Council, United Utilities, Newground and Hambleton Parish Council

We hope you can come along but if you can't make the event and have any questions please contact:- CMBLNC-PSO@environment-agency.gov.uk
