NEWS

[Please help to keep loos flushing, prevent blockages and flooding](#)

United Utilities message to anyone who may be experiencing flooding at this difficult time and raising awareness of what should be flushed down your loo.

[The Rainfall Rescue Project needs your help to rescue UK's old rainfall records](#)

The UK has rainfall records dating back 200 years or so and The Rainfall Rescue Project is seeking volunteers to transfer all the data into online spreadsheets.

[River's Trust launches 10-year campaign to double the area of Lancashire's woodlands](#)

As part of the £5million project, more than half a million trees will be planted to reduce flooding, improve air quality and remove 100,000 tonnes of CO2 from the atmosphere.

[How a groundbreaking new £1.3 million park will help prevent flooding in one corner of Manchester](#)

The park in West Gorton will reduce the future effects of climate change by soaking up excess rainwater.

[Major package of support announced by government for storm-hit areas](#)

The Government has announced thousands of pounds of support including grants, council tax relief and business rate relief for areas affected by flooding from Storms Ciara and Dennis.

COVID-19

The coronavirus pandemic has highlighted how community flood groups can serve more than one purpose and utilise resources in all emergency situations to work together to look out for each other. [This article from the BBC](#) explains how this has been the case in communities in East Yorkshire.

RECENT FLOODING & RECOVERY GRANTS

If you have been affected by recent flooding, visit The Flood Hub for advice on the recovery process: www.thefloodhub.co.uk/flood-recovery-toolkit

EVENTS

Public meetings and drop-in events have been postponed or cancelled due to COVID-19.

CAMPAIGNS

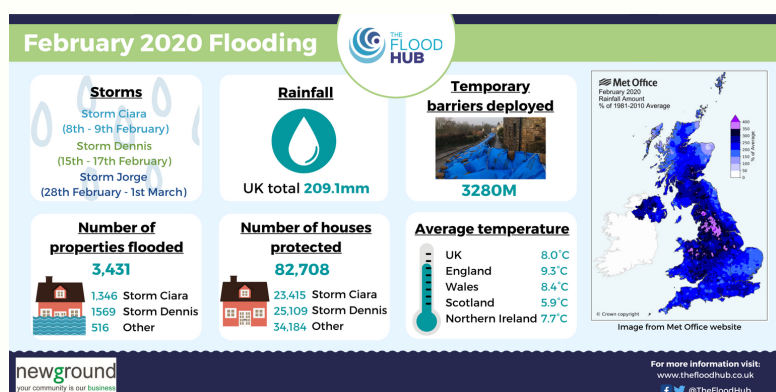

The Flood Hub will be hosting campaigns throughout 2020 to help increase the awareness of flood risk and related topics.

You can follow these campaigns on the Twitter and Facebook accounts.

May: Business Flood Resilience

June: Sustainable Drainage Systems

July: Natural Flood Management
