<i>Lolium perenne</i>	Cabrio Perennial Ryegrass	20
<i>Agrostis castellana</i>	Highland Browntop Bentgrass	5

- Tree planting as dwg
ENV0000489C-JAC-ZZ-4AF-DR-PL-1405

-  Semi Mature Tree - 2m clear stem/4.5-7m height.
-  Extra Heavy Standard Tree - 2m clear stem/3-4m height.
-  Feathered Tree
1.75 - 2m height

All proposals subject to on site confirmation of utilities locations.

All proposals subject to on site confirmation of utilities locations.

Substitutions

Substitutions
No substitutions of mixes or sowing rates shall be accepted without prior approval of Landscape Architect.

Seeding

Overseeding of stone pitched revetment subject to instruction following review by Environmental Clerk of Works. Availability of seedbed material required during demolition of the revetment will determine natural regeneration within soils. Should the overseeding of wetland mix be required, undertake by hand at a rate of 4g/m². Localised brushing ensure contact with soil-filled joints.

Use of herbicides in proximity of watercourse to be agreed with EA prior application.

Retention of existing vegetation

Retention of existing vegetation
Where possible section of vegetated revetment to be retained, and in the first instance, arisings from maintenance cut to be spread across reinstated revetment adjacent to the FD walls.
