

Note:-
The green colour includes the whole of the lands, ponds, paths and streams forming parts of the commons but is not intended to include any boundary ditches forming parts of adjoining properties.

This is the plan referred to in a Scheme for the Regulation of *Kirkland* Common under the Commons Act 1899 approved this *eighth* day of *march*, 1910, by the Board of Agriculture and Fisheries.

T. H. Selous
Secretary.
