

Rochdale and Littleborough Flood Risk Management Scheme

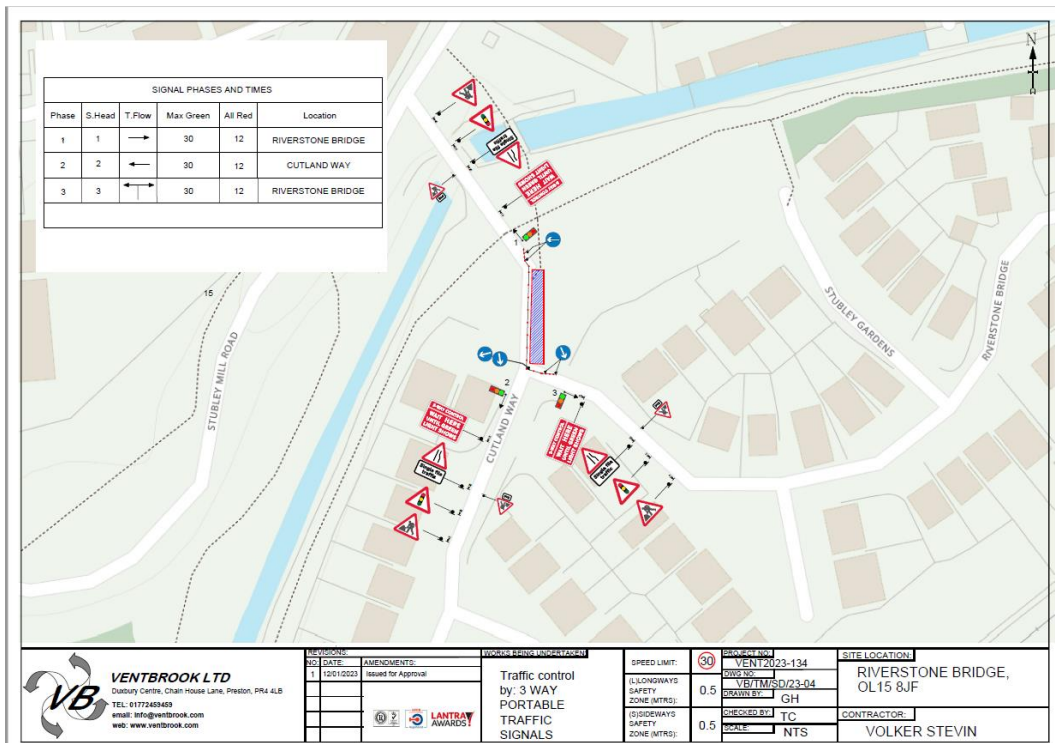

12 June 2023

Dear Resident

RIVERSTONE BRIDGE

Tarmac works to the new bridge and the approaches commences today for the duration of this week in readiness to transfer pedestrians to the new bridge next week (19 June)

Traffic will be transferred to the new bridge the following week 26 June using just one lane and utilising 3 way traffic lights as shown below:

Removal of the existing pedestrian bridge will take place 26 June which necessitates the use of just one lane on the new bridge.

Traffic management will be in place for 4 weeks until 21 July and some weekend working may be necessary to meet these deadlines.

We thank you for your patience whilst we carry out these essential works and will endeavour to keep disruption to a minimum.
