Date 17th September 2025

Dear Resident

Littleborough Phase 1b Community drop- in

Following feedback from our recent poll on the VS Engage App, we're pleased to invite you to a community drop-in session. This is part of our ongoing commitment to working collaboratively with the community, ensuring your views help shape the way we move forward. This is an opportunity for the community to come and speak to us and our partners about the Littleborough Flood Risk Management Scheme construction works to learn more about the project. Members from the project team will be on hand to answer any queries or concerns you may have.

We have also just published the latest September 2025 newsletter for the scheme which is available on the FloodHub website under the 'Newsletter, News and Events' tab. Alternatively, copies will be available at the community drop in.

Community Drop in details

Date: Thursday 23rd October 2025

Time: 4pm-7pm

Venue:

Volker Stevin Compound

Todmorden Road

Littleborough

OL15 9ER

What 3 Words: [///kinks.code.reward](https://kinks.code.reward)

Please be aware that access to the site near Todmorden Road is subject to limited parking availability. If you are driving to site, please remember to reverse bay park into your space. This is part of our safety rules and helps keep everyone safe. We kindly advise visitors to travel on foot where possible. If you are approaching the site from Todmorden Road, please use the footpath on the left-hand side of the road entrance. This leads to a dedicated pedestrian route that ensures safe access to the site. See photo below with the entrance circled in red. Once you have arrived at the site cabin, please sign in at the reception and there will be someone who will escort you to the room.

If you would like further information, please email rochdaleandlittleborough.FAS@environment-agency.gov.uk.

We look forward to seeing you soon.

Yours faithfully
Littleborough communication team
