

# River Landscapes: Long & Cross Profile Exercises and Homework

## Exercise 1 - Practice Questions

1. Describe the shape of a river's cross profile in the upper course. (1 mark)
2. Describe how the long profile changes from source to mouth. (1 mark)
3. At 90km from the source, the channel is 2.8m wide. Plot this on Figure 1. (1 mark)

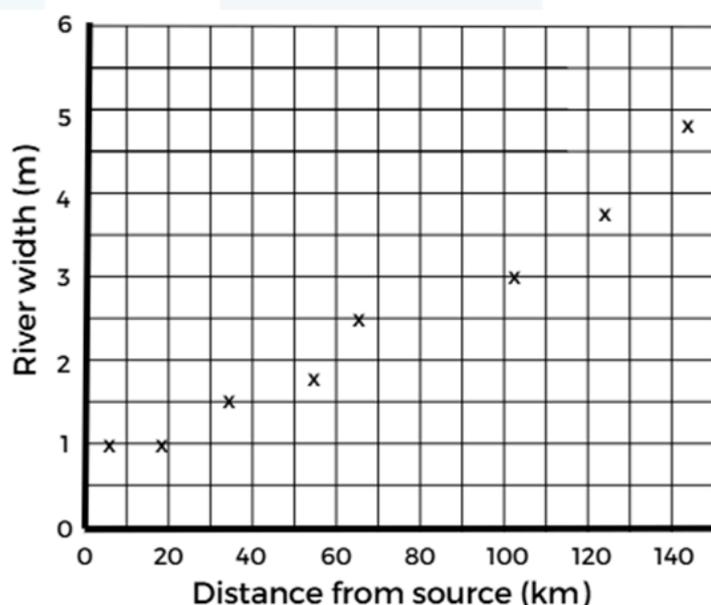

Figure 1 Image: The Flood Hub People

4. Compare the shape of a river's cross profile in the upper course and lower course. (2 marks)
